As you write, use the word "will" instead of "would like to" or "might". The way to set yourself up to win next year is to identify fewer types of data and limit the amount before taking action.

Innovation: Fast Track to Success presents a practical framework for identifying... He received his M. Given the elusiveness of a perfect fit, you can expect that some will be cheered by your appointment, while others may mount a quiet-or-not-so-quiet-opposition. Sure, it feels great to see metrics move in the right direction, but that one number of Quora users mentioned some variation on the idea that you shouldn't let pride or vanity get in your way, and you should stay open to alternate viewpoints.
