If determinism were true, it might be true that Allison chooses to walk her dog because of her beliefs and desires, but those beliefs and desires would themselves be the inevitable products of causal chains that began millions of years ago. Assume that it is true. This difficulty arises out of the tension between our view of ourselves as persons who can be held responsible for what they do, and the scientific view that depicts our actions as the combined result of genes and environment.

Interlanguageiswhat'secondlanguagelearnersspeak.Kindle Editionpages. Arguments for Incompatibilism or Arguments against Compatibilism Incompatibilists say that free will is incompatible with the truth of determinism.
