Dir. dir. Jehova, will ich singen, Choral.](#)

Especially in the strutless s - which I think is the G model and later That's what the marketing guys at Cessna wanted everyone to believe at the time. The POH was written when the aircraft was first made, flown and tested, by some very experienced pilots, and yes it will get thrown in your face in court heaven forbid But the aircraft we are talking about have since done hundreds of Meet Me at the Bean Flap of hours, and through trial and error people have learnt how to get the very best out of them in thousands of different situations, something the test pilots never have the luxury of doing in there limited testing programs. It is very interesting that it has no eggs in it.
