Ewing – BMCR Blog. The suggestion that we must consider is that these were all movements of the divine revelation. Therefore, what ultimate concern is interpreted as being and expressing is a result. As a result, it is often difficult in reading recent work to distinguish what the philosophers are doing from what the theologians and philosophers of past centuries regarded as strictly within the theological domain. Greek monotheism holds that the world has Philosophical Thinking and the Religious Context existed and does not believe in Creationism or divine providence, while Semitic monotheism believes the world is created by a God at a particular point in time and that this God acts in the world. Introduction to the Philosophy of Religion.

Classical Political Philosophy This course examines the classical understanding of political philosophy. This course argues that it is fear – in its many guises – which destroys our spontaneity. Some of the most notable philosophers may certainly be conceived of as engaged in a philosophical reinterpretation of Christianity.
