The trouble with the contrary-minded is they have an established habit of resistance. One secret of the whole trouble in this oppressive care of the sick is that this sort of caretaker is interested more to please herself and feel the satisfaction of her own benefactions than she is to really please the friend for whom she is caring.

However, they were not a comedy team at that time and it was not until that theya  
But if one should venture to suggest such a possibility, it would only increase the complaints by one more--that of having unsympathetic friends and being misunderstood. The woman with the nervous money conscience wants to be considered upright and just in her dealings with .
